

Announcement: Home office equipment for academics with family commitments (childcare and nursing care for relatives)

Dear colleagues,

In order to help improve work-life-balance, the TRR181 is providing help with childcare or nursing care for relatives. To support their scientific work, academics with family commitments will be given the opportunity to buy home office equipment (e.g. laptop, screen or external hard drive). The aim is to give the applicant more flexibility for research despite family commitments.

Applications

All academics of the TRR181 who have family commitments are eligible to apply. Applications should be submitted to me by **6 June 2017** and should include the following documents:

- Short letter of application including the information about your equipment requirements.
- For childcare: Number and age of children, details of childcare, details of legal custody and/or joint households.
- For care of relatives: Details of the care situation and/or the joint household.

Applications should be sent to meike.ruhnau@uni-hamburg.de (CC carsten.eden@uni-hamburg.de).

If you have any questions, please don't hesitate to contact me.

Sincerely,

Meike
